	Size 2 21.5cm
	Size 3 22.4cm
	Size 4 23.2cm
	Size 5 24.0cm

Measuring Instructions

1. Print this chart onto A3 paper. When printing ensure your printer settings are set to print "actual size".
2. Fold or cut along the dotted line. Place the paper flush against a wall.
3. Place both your heels at the base of the chart against the wall. The line your longest toe touches indicates what size you are. To find your size, use the larger of your two feet.
4. Place the order for your school by logging on our online portal at <http://www.kidscan.org.nz>

When printed this should measure 300mm between the top and bottom dotted lines.
